education achievements

Kaleb successfully completed his NCEA Level 2 while attending an in-work support programme that provided him with hands-on training and practical skills.

This programme not only helped him earn the necessary credits but also gave him real-world work experience, boosting his confidence and employability. Kaleb balanced his studies with part-time work, showing great dedication and time management.

summary of support

Kaleb was enrolled in the Youth Payment service for just over a year.

Before enrolling in Youth Service, he was disengaged from school and faced challenges with maintaining a stable living situation.

We supported Kaleb in re-engaging with education by working closely with him and his school to develop a tailored education plan.

Alongside his education, Kaleb completed a budgeting course where he learned how to manage his weekly payments and developed strong financial habits, such as paying rent and started an emergency account.

We also helped him address personal barriers, such as finding stable housing, which allowed him to focus on his studies.

After a year in Youth Service, Kaleb successfully completed NCEA Level 2.

Kaleb has started full-time work and did not want to complete the exit Youth Service forms.

budgeting achievements

Kaleb learned to save for unexpected expenses and built an emergency fund. After completing the budgeting course, he gained skills in managing his money and consistently paid rent and bills on time. We helped him set up automatic payments and direct debits for his essential costs, making it easier for him to stay organised.
